The workshop is written and presented by Gary Renard, author of *The Disappearance of the Universe* and *Your Immortal Reality*

Gary tells his story about the fascinating events leading up to and including his experience with visitations in his living room by two ascended masters, who provided much of the material in his book, *The Disappearance of the Universe*. In his presentation, Gary discusses:

- The essence of the message of *A Course in Miracles* and how it helps us experience the freedom from limitation that Jesus experienced.
- Clarification by the ascended masters of what Jesus really taught 2000 years ago.
- Keys to receiving guidance from the Holy Spirit in daily life.
- Practicing the art of forgiveness to accelerate your return to God, including a prayer of joining with God and a daily exercise for forgiveness.
- What true spirituality is and how to awaken from the dream.
